1963-2024

Creavit from past to present

1963

The production and marketing of squat toilets and washbasins begin.

1975

The production and marketing of dyed stone begin.

1979

An investment decision is made to switch from dyed stone production to sanitary ware production.

1981

The production of the first fabricated squat toilets begins in Gokcebey.

1987

New land for a factory in Cukur Village is purchased.

1989

The foundations for a new factory is laid.

1991

A new factory is commissioned.

1993

A new, domestic, 90-meter tunnel oven is commissioned.

1997

A Bricesco oven is purchased and imported.

1998

A 50 cubic-meter CDS drying oven is imported from the United Kingdom. A decision is made to invest in the largest tunnel kiln in Türkiye, the Balkans and the Middle East.

1999

A 111-meter German Riedhammer tunnel kiln is installed and production begins.

2000

Creavit gets certified to ISO 9001 Quality Assurance System Certificate, German LGA Norms and Israeli Standards. Creavit exports its products to 23 countries.

2003

Exports, which stood at approximately half of the production capacity, accounts for 45 percent for the first time. Creavit's exports to more than 30 countries. Bathroom furniture production facility commences production. Marketing activities begin.

2004

The first pressure casting (Porvair) system is commissioned for individual sink production.

2005

In Caydeğirmeni, Devrek, the foundation for the Creavit Bathroom and Doxa Office Furniture plants (indoor area of 15,000 square meters, outdoor area of 60,000 square meters, a total area of 75,000 square meters) is laid.

2006

Creavit's bathroom furniture production commences in the new furniture factory. The Gokcebey Mithat-Mehmet Canakci Vocational School is built.

2007

The Gokcebey Mithat-Mehmet Canakci Vocational High School commences education. Office furniture production also begins.

2008

Creavit's founders Mehmet and Mithat Canakci are awarded the "TBMM Order of Merit" by the Speaker of the Grand National Assembly of Türkiye for their contributions to society.

2009

Creavit is chosen as the most trusted brand in its category and wins the "Consumer 2009 Quality Award."

2010

Creavit Concealed Cistern plant is commissioned.

2011

The modernization of Creavit Pan Seat & Covers production plant is completed with the move from Gokcebey headquarters to Caydeğirmeni plant.

2012

Sink, washbasin and bathroom faucet production lines are commissioned at Caydeğirmeni plant.

2014

The classic casting machines are modernized and new ones are added.

Investments are made in pressure casting machines to facilitate the production of large sinks with shelves.

A decision is made to continue our growth trends in the sanitary ware industry and to invest in the second RIEDHAMMER furnace with the same capacity.

Investments are made in pressure casting machines.

2015

2. The German Riedhammer brick tunnel oven is installed and production begins.

Creavit joins TURQUALITY, the Turkish brand-support program in the industry, and begins working with international design agencies.

An investment decision is made to modernize and expand capacity at sanitary ware production plants with a total indoor

area of 80,000 square meters. A decision is made to search, source and install pressure casting systems for pans, glazing robots for glazing, CNC machines for product development.

2016

A modernized pressure casting factory is established, modernized drying ovens are commissioned, and the infrastructure for air conditioning is built.

A modernized storage shelf system with optical reader is established.

A cogeneration facility is established and power generation commences.

2017

Five glazing robots are purchased from the industry's leading glazing robot manufacturers and commissioned.

2018

The information systems web infrastructure is renewed.

2019

Factory modernization investments continue and the foundation for the foundry air conditioning plants is laid.

2020

The Creavit Foglia series, designed by Defne Koz, wins three international awards.

2021

Mare and Loop won the Reddot Design Award.

Ongoing investment in production lines and factories.

Inclusion among the first 1000 companies among of Turkish exporters.

2022

Our new kiln is opened.

2024

The opening of the R&D center, receiving the Edida Award with Foglia and the A' Design Awards with Ruby and Perra, and transitioning to automation-based production, have resulted in a 30% increase in production capacity with an additional 30,000 m² of closed space.

THE WORLD IS SUSTAINABLE!

At **Creavit**, we fulfill our responsibilities to create a sustainable production and consumption ecosystem. As we shape the future, we conduct our activities with the vision of a more livable world. To achieve this, we transparently present our sustainability actions and define a significant roadmap with the **Creavit Green Strategy**. This strategy serves as a guide, reflecting our evolution in harmony with the environment by integrating sustainability trends into our daily lives. Through this approach, we emphasize how small changes can make the world more livable, highlighting that micro actions lead to macro results.

FORESTS
FOR ALL
FOREVER

At **creavit**[®]
we are moving forward
with determination towards
a green, sustainable, and
conscious world.

GREEN STRATEGY

By creating innovative products that utilize natural resources efficiently, we achieve savings in both production and consumption. Through our R&D and design teams, we are building a sustainable future with water and energy-saving, recyclable products. We prioritize efficiency from raw materials to the final product to align our production culture with environmental harmony.

We approach sustainability holistically through our memberships and certifications, acting on the principle of “consume as much as you produce.” As a brand that actively takes steps on social and environmental issues, we aim to align human activities with nature and human nature.

Wagon Weight Measurement System

Solar Energy System
Saving **over 100,000 trees** annually

Waste Heat Recovery System
Saving **75,000 trees** annually

Clean Discharge Water Usage
Aiming to **reuse 350 tons of clean discharge water** per day in production

Fluorescent to LED Lighting Conversion
Saving **4,029 trees** annually

As a bathroom brand, we take the most effective measures to protect water resources in the face of threats like climate change, global warming, and water pollution, ensuring sustainable water consumption. **With this commitment, we are designing a green future and working towards a more livable world.**

Please scan the **QR code** see the **Green Strategy booklet**

DESIGN PHILOSOPHY

Holistic Approach **FLAWLESS AESTHETIC**

At Creavit, we approach bathrooms holistically, proactively adapting to changing user habits. When designing our bathroom solutions, we focus on ensuring that our products are not only functional and easy to use but also combine flawless hygiene with comfortable designs.

We push the boundaries of comfort by integrating the smart technologies of our time into our bathroom products, ensuring you can experience the convenience of smart technologies right in your bathroom.

Human-Centered **ARTISTIC PERSPECTIVE**

Our design philosophy brings bathrooms to the forefront of our lives, aiming to create comfort in every step and flawless aesthetics in every detail. We enrich our designs with features that can be easily used in different types of bathrooms, regardless of their size.

Together with our design partners, we offer bathroom solutions that make creative design possible for wet spaces. Inspired by nature and daily habits, our team combines minimalist, simple, and biophilic designs with delicate lines. By creating a refreshing atmosphere in bathrooms that brings you closer to nature, we aim to offer a unique bathroom experience and expand your comfort zones.

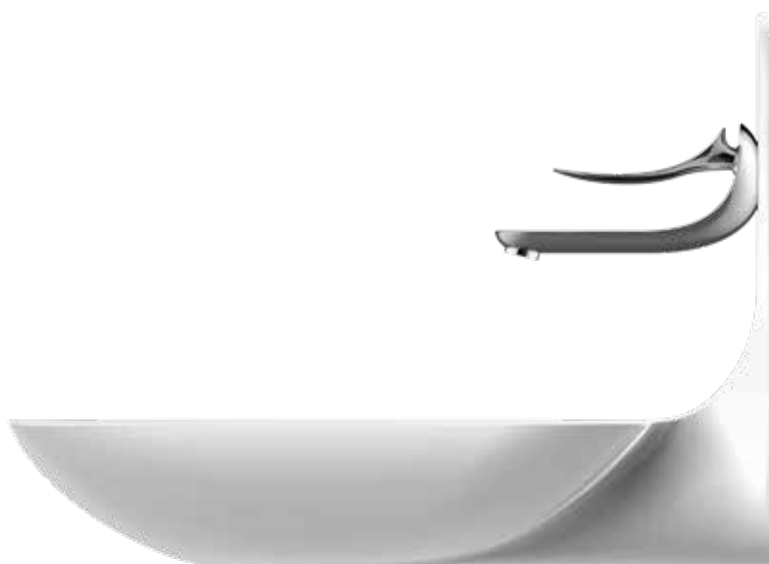

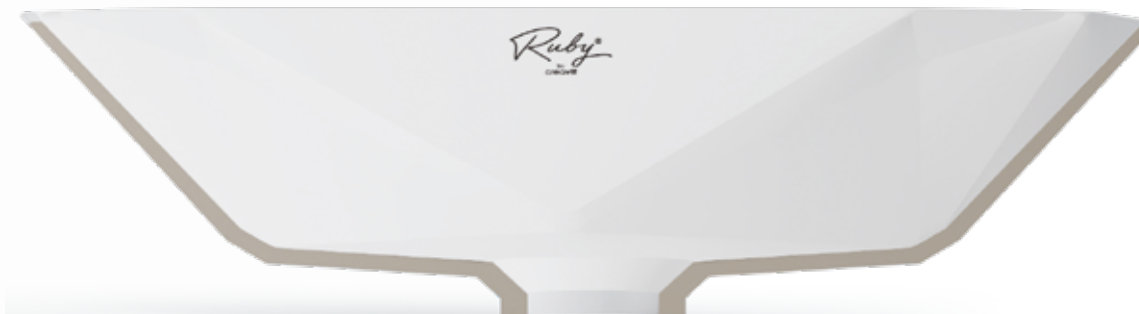

Award-Winning Designs

AESTHETIC SPACES

Together with our design partners, we create bathroom solutions that make creative design possible for wet spaces. Our team, inspired by nature and everyday habits, brings together minimalist, simple, and biophilic designs with delicate lines.

We design with the goal of creating a refreshing, nature-inspired atmosphere in bathrooms, offering a unique experience. Our designs aim to expand your comfort zones, bringing a sense of tranquility and harmony into your space.

Sanitary Wares Products

The Perfect Harmony of Quality and Durability

Why Choose Quality and Durable Products?

To ensure long-term, trouble-free use of ceramic sanitary ware and bathroom furniture, special attention must be paid to quality and durability during the production process. At Creavit, we prioritize quality and durability, producing our products in line with international standards while considering functionality, ergonomics, and comfort within the framework of European norms.

Creavit Ceramic Sanitary Ware Icon Descriptions

Soft-Closing Seat & Cover

The product features a special hinge system that enables soft closing.

Back to Wall Pan

The back of the product is completely flush against the wall.

Rim-OFF Pan

In the product, the cleaning water from the cistern reaches the drain through a rimless design.

Vortex

In the product, the water from the cistern creates a powerful yet quiet water flow thanks to the advanced flushing technology.

Integrated Bidet Faucet

The product features an integrated bidet faucet.

Length 60 cm

The toilet bowl has a length of 60 cm.

6-Liter Water Consumption

The product uses 6 liters of water per single flush.

4,5-Liter Water Consumption

The product uses 4.5 liters of water per single flush.

4-Liter Water Consumption

The product uses 4 liters of water per single flush.

Special Products

The product is suitable for use by individuals with physical disabilities.

XL - More Comfortable

The product is 6 cm wider than standard toilets.

Monoblock Washbasin

The product is manufactured as a single piece.

5 mm. Ultra Thin

The edges of the product are 5 mm thick.

Antique Pedestal

The pedestal of the product is designed in an antique style.

A NOVEL PERSPECTIVE ON CERAMICS

Demonstrating a deeper approach to the nature of ceramics, Creavit once again presents an innovative perspective. Ruby's unique structure, both elegantly designed and remarkably durable, has positioned Creavit as the first and only brand in Türkiye to excel in this field.

As a result of the R&D department's success story, the journey of ceramics towards the future began anew with Ruby, creating more freedom for bathrooms.

Color Freedom in
Bathrooms
Free Series

More Colors, More Models

The Free series offers a rich color palette with options such as berry, cool grey, nil green, anthracite, cappuccino, and charcoal black, giving you plenty of choices when designing your bathroom.

Noteworthy for its model alternatives, the Free series perfectly adapts to different bathroom dimensions with options for wall-hung, back to wall and cistern-type toilets.

Integrated Simplicity and Ease

The Free toilet with an integrated bidet nozzle eliminates the appearance of faucets and pipes on the bathroom wall. The controls on the toilet provide an aesthetic look and comfortable usability, allowing for adjustments of both hot and cold water.

Superior Hygiene with Rim-Off

Thanks to its rimless inner structure, the Free Rim-Off toilet eliminates the possibility of bacteria residing in hidden areas, providing ease of cleaning and efficiency during maintenance.

Colors

With its wide range of toilets and bidets available in various models and colors, the Free series brings comfort, aesthetics, and hygiene together in bathrooms.

Special Solutions for Unique Needs

How Do Special Needs Bathroom Products Facilitate Daily Life for Individuals with Disabilities?

Special needs products make the bathroom experience safe and independent for individuals with physical disabilities. They enhance mobility and improve quality of life. Products that offer tailored solutions for special needs are beneficial due to their ergonomic designs. Research shows that the use of special needs bathroom products prevents accidents and contributes to psychological well-being. Therefore, these products play a significant role in the lives of individuals with disabilities.

How Do We Redefine Hygiene and Design in the Presence of Technology?

Advanced bathroom technologies are elevating hygiene standards and transforming the bathroom experience with ideal design features. Faucets equipped with smart sensors enable touchless use, reducing the risk of infection, while ergonomic and functional furniture adds an aesthetic touch to bathrooms. Additionally, water-saving features promote an eco-friendly approach, supporting sustainability. By combining hygiene and ideal design, advanced bathroom technology offers users a modern and comfortable bathroom experience.

The Smart Combination of Comfort, Hygiene, and Technology

WQ+ has created the smart toilet experience as a flawless harmony of user comfort and technology. Discover the innovative features of **WQ+** that change habits.

Innovation that Changes Habits

WQ+ offers a unique hygiene experience by self-cleaning with its plasma sterilization feature, elevating your hygiene standards. It allows you to save personal settings such as temperature, light, and sound, enhancing your overall comfort.

The Control is in Your Hands

WQ+, which you can control with a remote, remembers your preferences and offers you a personalized comfort experience.

Touchless – Hygienic – Healthy

With the **WQ+**, you can control all its features with a remote, providing you with a personalized comfort experience by remembering your habits.

Creavit FLUSHING TECHNOLOGIES

Vortex Flushing Technology

Developed by the Creavit R&D/Design team, this state-of-the-art system cleans the toilet deeply and without splashing using the circular motion of water. The system creates a strong water circulation within the toilet, providing an exceptional and silent cleaning experience from start to finish. It also ensures an easy cleaning process and water savings.

Rim-off Pan

The rim-off toilet, with its rimless design, facilitates easy cleaning in the bathroom while preventing bacterial buildup for a healthy experience. This solution provides savings during cleaning and creates maximum hygiene by preventing dirt accumulation.

*Rim-Off

Traditional Pan with Rim

Channel toilets ensure even distribution of water, effectively cleaning the entire surface. This system provides comprehensive flushing by reaching every corner of the toilet.

○ Rim-Off

○ with Rim

Please scan the QR code watch the video

*Kanallı

We are redefining hygiene standards in the bathroom from the ground up. With our innovative approach, we create hygienic surfaces in sanitaryware products that meet user needs and expectations. By integrating practical solutions like built-in bidet faucets and easy-to-remove toilet seats, we elevate general hygiene standards and offer a perfect bathroom experience with our advanced surface technologies.

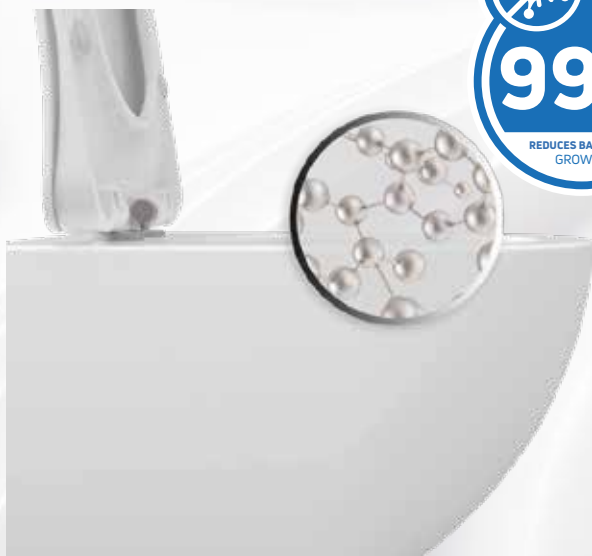

creavit[®] HydroGlide

With our developed HydroGlide technology, we create a chemical coating on sanitary surfaces, making them easier to clean and maintain hygiene. This technology ensures easy-to-clean surfaces while offering the advantage of using minimal cleaning agents and water

creavit[®] UltraClean

With our UltraClean technology, we elevate microscopic-level smoothness and antibacterial hygiene standards. Thanks to its special glaze coating, this technology prevents dirt, bacteria, and microorganisms from adhering to surfaces, maximizing cleaning convenience.

creavit[®] SafeTouch

SafeTouch technology offers a healthier experience by preventing bacterial growth with its unique structure. This innovative approach transforms hygiene perceptions, making a significant impact not only on surfaces but also on users' quality of life. With its special outer coating, SafeTouch reduces bacterial presence by %,99.9, ensuring a cleaner bathroom experience.

Liberating Dreams: **Mind and Body Restoration**

How Does Bathroom Design Contribute to People's Relaxation and Sense of Peace?

A well-organized bathroom design plays a significant role in the processes of relaxation and finding peace. Factors such as the right color choices, spacious arrangements, and natural lighting are known to reduce stress in the mind and create a sense of calm. These elements transform the bathroom space into a sanctuary for relaxation and rejuvenation, while water-based features and creative touches further aid in freeing the mind and unleashing the imagination.

For Those Who Appreciate Elegance...

With a thickness of just 5 mm, the bowl sinks combine modern design with functional structure. Featuring slender edges, these sinks offer an elegant appearance that adds an aesthetic touch to your bathroom. Their minimalist design ensures compatibility with all types of bathroom decor, while durable materials and quality craftsmanship guarantee long-lasting use.

Discover Design Freedom

Designed in various shapes such as oval, square, round, and rectangular, bowl sinks cater to every taste and need. With their modern and stylish designs, they add an elegant touch to your bathrooms while also standing out for their ease of use and hygienic features. Manufactured with perfect craftsmanship and high-quality materials in every shape, bowl sinks give your bathroom a unique character, complementing your overall decor.

Exploring the Hidden Meanings of Colors

creavit.com.tr

Did you know that the colors you use in your bathroom can affect your psychology?

Colors are our strongest allies in creating the desired atmosphere in indoor spaces. Research shows that the colors used in interior design, including bathrooms, can have either positive or negative effects on human psychology.

Vibrant colors create a more dynamic impact, while soft colors establish a more relaxing atmosphere. Bright colors like red and orange provide energy, whereas soothing shades like powder and beige calm the spirit with their restorative qualities.

A New Dimension in Ergonomics: The Best User Experience

How Do Ergonomic Bathroom Designs Enhance User Experience?

In bathroom designs, ergonomics takes the user experience to a new dimension. Every detail is carefully considered to ensure the best possible experience. Ease of use, functionality, and comfort are key focus areas in these designs. Ergonomic bathroom products and arrangements make daily routines more enjoyable.

With optimized layouts that facilitate every movement, these products maximize the bathroom experience. In the bathroom, ergonomics provides comfort, practicality, and a user-friendly environment, ensuring the best experience for users.

Bathroom Furnitures

**Perfect combinations, a new
perspective on bathroom design...**

**How do the combinations you create in your
bathroom spark your imagination?**

Creating perfect combinations in bathroom design sparks our imagination, offering a unique experience.

The combinations we bring together from different colors, materials, and patterns help us shape the atmosphere and style of the bathroom just the way we want. When every detail harmonizes and forms a cohesive whole, the design creates a rich visual experience, allowing the imagination to run free and enhancing creativity.

Massive Counter

The countertop of the product is made of solid cladding.

Inner Lid Shelf

The product features a shelving system inside the lid.

Fully Extending Drawer

The product's drawer fully extends, allowing complete usage.

Jewelry Drawer

This product features a special drawer for valuable items, such as jewelry.

Touch LED Lighting

The LED lights on this product can be turned on and off via touch.

Material Storage Unit

It allows you to store cleaning supplies that you don't want to be visible.

LED Lighting Activated by Opening the Right Door

When you open the right door, the LED lighting is automatically activated.

Mirror with Magnifier

This product features a mirror with a magnifier.

Keep Dry

This product should be protected from water.

Chic and Durable Lacquer Coating

This product has been coated with Lacquer to provide long-term durability.

Soft-Closing Cabinet Door

This product features soft-closing cabinet door.

Industrial Wooden Coating

This product is coated with wood.

Self-Closing Drawer

This product features a self-closing rail system for drawers.

Push-to-Open Door

This product features a push-toopen door.

Built-in Towel Rack

This product features a built-in towel rack.

Hidden Drawer

This product features a hidden drawer that is unnoticeable from the outside.

Dedicated Hair Dryer Compartment

The product includes a drawer for storing frequently used items.

360°

The product can be experienced in 3D in a digital environment.

Caster Brakes

This product features caster brakes that prevent the wheels from moving when not desired.

Granite/Neolite Countertop

The product is available in granite and neolite countertop options.

Hidden Counter

The product features a hidden counter to enhance ease of use.

LED Lighting

This product features a mirror or drawer with integrated LED lighting.

LEVEL

Level, which introduces innovation to the bathroom, redefines the smart bathroom experience with its innovative design and user-focused features. Notably, the **Level** is the first in Türkiye to offer a height adjustable sink module, along with other functional features. It combines aesthetics with ease of use, elevating bathroom comfort to the highest level.

First in Türkiye Adjustable Height in Bathroom Furniture

Button for height adjustment

Two Color, Two Style

This furniture, designed to enrich modern bathrooms, comes in two stunning color options: **Palazzo and White**. Offered with a sleek surface option, it perfectly complements both classic and contemporary decoration styles. The natural look of Palazzo and the sophisticated simplicity of White will add a unique character to your bathroom. Minimalist in its simplicity, **Level is designed to appeal to all tastes.**

Sustainable Bathrooms Investing in the Future

How are Sustainable Bathrooms Shaping the Future?

Due to global warming and drought, freshwater resources are dwindling. Water scarcity is being experienced in 80 countries that are home to 40% of the world's population. For these reasons, bathrooms, which account for 70% of water usage within homes, are beginning to incorporate sustainable features that invest in the future.

MOSS 110

Hydromassage

Water therapy has been used as an alternative treatment method for centuries. The relaxing and refreshing power of water creates positive effects on the human body and psychology. Creavit's bathtubs with hydromassage system help to regenerate spiritually and physically by combining the refreshing power of water with high technology systems.

Hydromassage accelerates blood circulation and contributes to the removal of toxins from the body. At the same time, the contact of the body with water in the form of a massage stimulates the nerves. Thus, it helps to relieve some pain and get away from the stress of daily life. After sports activities or at the end of a tiring day, hydromassage is very effective in resting and regenerating the human body and provides mental relaxation.

Hydromassage Control System

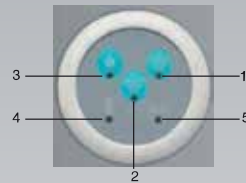

EKO 1 PNEUMATIC CONTROLLED SYSTEM (WHIRLPOOL)

- 1- 3 on/off push button
- 2- Air Turbulence Regulators

6 whirlpool jets (maxi jet) (white ABS, Chrome or gold finishing on ABS)
 Pump Power : 800 watt
 Voltage : 220-240 v
 Water massage – Continuous
 Water level sensor
 VIEGA controlled or uncontrolled siphon
 Single function control button (chrome / white / gold over brass)
 Two air regulation valve (chrome / white / gold over brass)
 This system can be applied in all models (except TRITON) (for details please refer to functional system table)

EKO 2 DIGITAL CONTROLLED SYSTEM WITH UNDISINFECTION (WHIRLPOOL)

- 1- Digital on button
- 2- Digital off button
- 3- Led level sensor
- 4- Water level sensor
- 5- Air turbulence pcsjustment (+-) (air level)

6 whirlpool jets (maxi jet) (white ABS, Chrome or gold finishing on ABS)
 Pump Power : 800 watt
 Voltage : 220-240 v
 Water massage – Continuous
 Water level sensor
 VIEGA controlled or uncontrolled siphon
 Digital control panel : (White ABS)
 Push button control (ON/OFF)
 Push button air regulation (+-)

EKO 2 DIGITAL CONTROLLED SYSTEM WITH DISINFECTION (WHIRLPOOL)

- 1- Digital on/off button
- 2- Led , Water level sensor
- 3- Digital air regulator from min to max
- 4- Led cleaning fluid
- 5- Disinfection button with led signaling on state

6 Whirlpool jets (maxi jet) (white ABS, Chrome or gold finishing on ABS)
 Pump Power : 800 watt
 Voltage : 220-240 v
 Water massage – Continuous
 Water level sensor
 Digital control panel : (White ABS)
 Push button control (ON/OFF)
 Push button air regulation (+-)
 This system can be applied in all models. (Except TRITON)

(For details please refer to functional system table)

TURBOPOOL SYSTEM WITH REMOTE CONTROL SYSTEM (WHIRLPOOL + AIRPOOL)

- 1- Hydromassage pump (ON/OFF)
- 2- Blower (air massage) (ON/OFF)
- 3- Spot light (ON/OFF)
- 4- Remote Control

6 whirlpool jets (maxi jet) (white) ABS, Chrome or gold finishing on ABS)
 12 airvalves (white ABS, Chrome or over brass) Pump Power : 800 / 1500 watt
 Voltage : 220-240 v
 Water massage – Continuous
 remote control

Faucets

**Let the natural flow of water take
its course...**

**Are you ready for a unique experience with
Creavit Faucets?**

Creavit Faucets bring the purest and most pristine form of water into your home with special designs and features that cater to different user habits. Offering a comprehensive hygiene solution for spaces like bathrooms and kitchens, Creavit Faucets stand out with their aesthetic designs and vibrant variety. Discover the comfort features of Creavit Faucets—silent, easy to clean, sensor-activated, colorful, and durable. Choose the Creavit Faucet that best suits your needs and let the natural flow of water enhance your daily life.

Creavit Faucets Icon Descriptions

Thermostatic

This product features a thermostat to stabilize water temperature.

100% Brass

This product is made of long-lasting brass.

Silent Water Flow with Aerators

It provides quiet water flow.

Quick-Change Aerator

This aerator is easy to remove and mount.

Flush Mounting

The fittings are flush-mounted.

Award-Winning Faucet

This product has won national and international design awards.

Movable Aerator

You can alter the water flow direction thanks to this product's movable aerator.

Easy Clean

This product can easily be cleaned with use of the suggested cleaning materials.

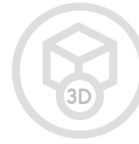

Drinking Water Outlet

This product features an additional outlet that can be connected to the water purification device.

Concealed Shower

The fittings are flush-mounted.

3D/360°

You can view the product with your phone, computer or tablet in 3D from all angles.

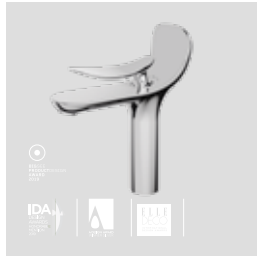

Sensor

This is a touchless product that uses a sensor to detect movement.

Beyond Savings **Eco-Friendly** **The Key to Life**

What kind of experience do eco-friendly bathroom products offer?

Eco-friendly bathroom products significantly reduce both energy and water consumption, ensuring sustainable water resource management. The widespread use of these products helps society manage energy usage in a more sustainable way, while also allowing for individual savings. They play a crucial role in reducing environmental impact, saving costs, and promoting sustainable resource management.

During installation, the product's dimensions should be measured if precision is required.

The Slope That Simplifies Life

The sloped design of the Slope Basin Faucet ensures that the outlet is positioned close to the drainage level. This allows for maximum efficiency during use, optimizing the flow from the washbasin and the running water.

Easily Removable Aerator

The aerator of the Slope Basin Faucet can be easily removed and cleaned with just a coin. This prevents clogs caused by lime buildup in areas with hard water.

Freedom for windows 180° Faucet

Thanks to its 180-degree faucet, Creavit puts an end to the problem of high-arc faucets invading window space over a basin.

The 180-degree faucet does not invade window space over a basin by not only turning sideways, but also forward and backward in a 180-degree angle.

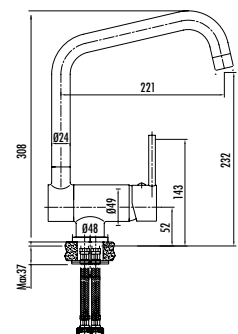

BT.MF8600

A New Era in Touchless Hygiene

What has touchless technology added to our lives in the bathroom?

In today's world, the concept of touchless hygiene for bathrooms has gained significant importance. Contactless automatic systems provide a hygienic experience for bathroom users by reducing the risk of infections.

Sensor-activated faucets and soap dispensers eliminate the need for users to touch fixtures and soap dispensers.

Moreover, the use of products like toilets that do not require contact has further elevated hygiene standards. As a result, the bathroom experience has become much safer and more comfortable.

SINGLE BATHROOM ACCESSORIES

Living spaces are now safer thanks to the **Fireproof Trash Cans**

The Creavit fireproof trash can prevents fires caused by flammable substances in houses and public areas such as shopping malls, hospitals, schools and hotels. It keeps the surrounding area safe with its fire-extinguishing interior tank, as well as its fireproof interior and exterior tank.
