Installazione sospesa / passaggi validi per il lavabo indicato
Wall-hung installation / steps valid for this specified washbasin

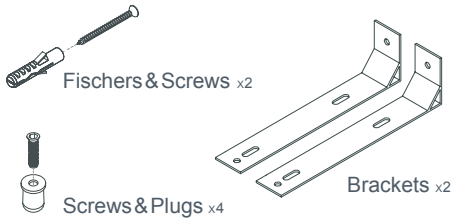

BNL001

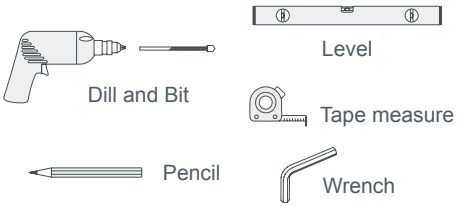

ATTENZIONE! Le staffe di fissaggio per i lavabi sospesi sono obbligatorie e vanno acquistate separatamente. Verificare il codice corretto in base alle dimensioni del lavabo scelto.

ATTENTION! Mounting brackets for wall-hung washbasins are mandatory and must be purchased separately. Please check the correct code according to the size of the selected washbasin.

Included

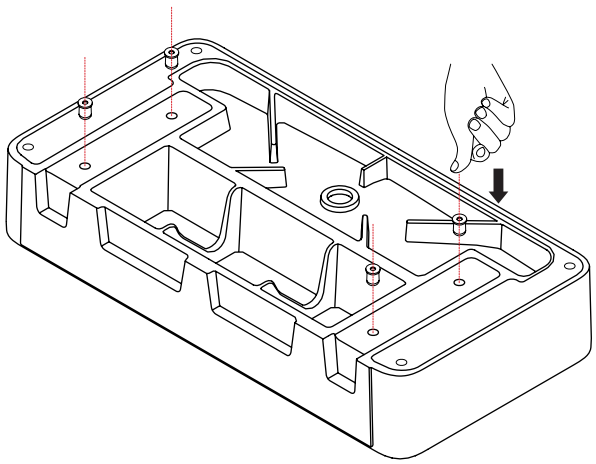

Not Included

1

Ribaltando con attenzione il lavabo selezionato, inserire i 4 nottolini nei fori presenti sulla ceramica

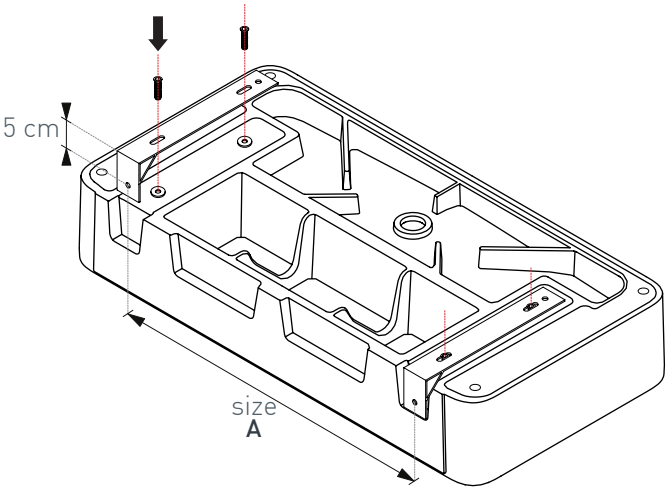

Carefully turn the selected washbasin upside down and insert the 4 plugs into the holes in the ceramic

2

Appoggiare le barre di ferro (senza fissarle) e rilevare la misura dell'interasse dei fori da trasferire a parete

Place the metal brackets (without fixing) and measure the center distance of the holes to transfer onto the wall

3

Riportare sul muro le misure rilevate per le staffe di fissaggio, quindi forare e installare i tasselli

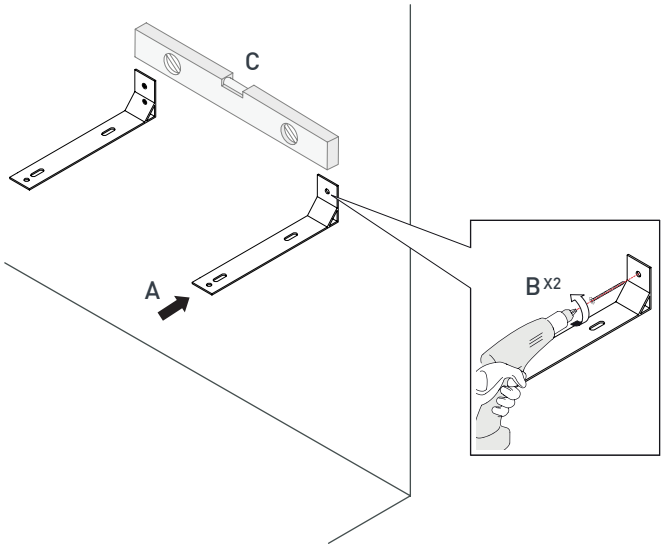

Transfer the measured dimensions for the fixing brackets onto the wall, then drill and insert the wall plugs

4

Fissare le due staffe al muro con le apposite viti, verificando che siano perfettamente in bolla

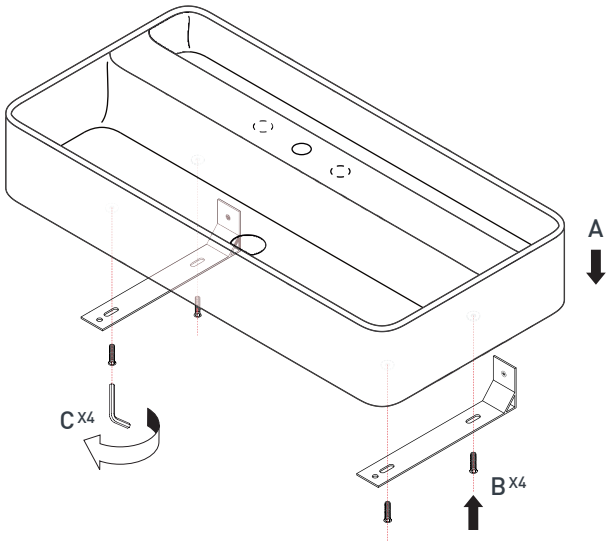

Secure the two brackets to the wall using the appropriate screws, making sure they are perfectly level

5

Dopo aver fissato le staffe al muro, procedere con il montaggio del lavabo in ceramica selezionato

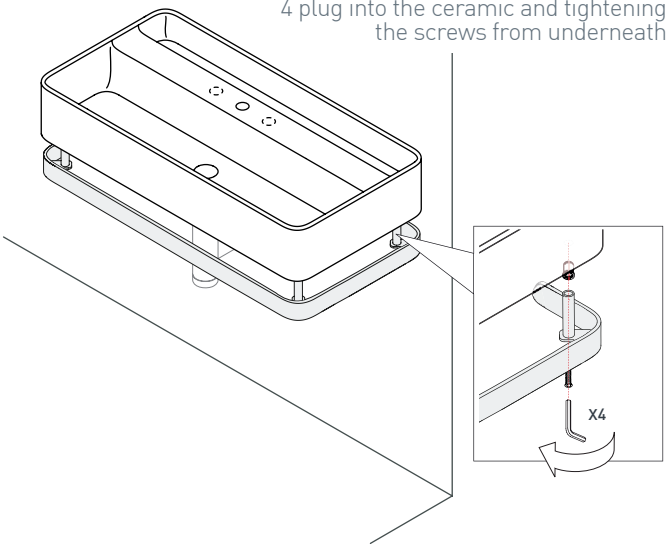

After securing the brackets to the wall, proceed with installing the selected ceramic washbasin

6

Eseguire i collegamenti idrici previsti. Per le versioni con porta asciugamano, installare la barra (da acquistare separatamente) inserendo i 4 nottolini nella ceramica e avvitando le viti dal basso

Make the required plumbing connections; For versions with a towel rail, install the bar (sold separately) by inserting the 4 plug into the ceramic and tightening the screws from underneath
